TRADE AND DEVELOPMENT BOARD

GENERALIZED SYSTEM OF PREFERENCES

Scheme of Sweden

Amendment

The UNCTAD secretariat has received the following communication from the Permanent Mission of Sweden concerning changes related to the beneficiary status under that country's scheme of generalized preferences:

"This is to inform you that the following changes have been made in the Swedish GSP scheme:

- Benin, owing to its status as a least developed country, is granted preferential treatment for all its products as from 1 October 1993;

- The following countries have been deleted from the list of beneficiaries owing to the fact that the EFTA countries have concluded free trade agreements with them: Bulgaria and Romania as from 1 October 1993.".
